VENDRE WEARS

OUR HISTORY
DEFINING THE
FUTURE

EST.

2017

THE BEGINNING

Our story began in 2007 with a small but passionate team in Sialkot. Vendre Wears started producing high-quality sports garments and accessories, founded on dedication and craftsmanship.

EXPANDING HORIZONS

Within three years, Vendre Wears expanded its production capacity and introduced new stitching and fabric technologies, setting higher standards of precision and durability.

2007

2010

2017

2020

GLOBAL DEBUT

Vendre Wears entered international markets for the first time. With our first exports to Europe, we began our journey toward becoming a global name in sports manufacturing.

RESILIENCE & RECOVERY

Amid global challenges, Vendre Wears continued to operate with resilience. We implemented safety systems and digital processes to keep production stable and efficient.

INNOVATION AT WORK

Innovation became the heart of Vendre wears. We launched professional goalkeeper gloves and high-performance sportswear, pushing boundaries of design and comfort.

2013

RISING STRENGTH

Vendre Wears shifted into a larger facility, equipped with advanced machinery and a skilled team. Our R&D department began designing performance-based gear for athletes worldwide.

2015

2023

GLOBAL RECOGNITION

Vendre Wears became a recognized global brand trusted by international sports retailers and athletes. Our innovation and consistency strengthened our global footprint.

2026

THE FUTURE OF PERFORMANCE

Today, Vendre Wears stands as a symbol of excellence and trust in sports manufacturing. With 400+ employees and worldwide partnerships, we continue shaping the future of performance wear.

Built for Teams. Proven Since 2007

EVO Sportswear delivers premium full-custom teamwear for clubs, schools, and organisations that demand performance, durability, and consistency. Every garment is made to order using our Full Custom Pro process, giving teams complete design freedom without off-the-shelf limitations.

End-to-End Production Control

We design, develop, and manufacture in-house, giving you complete consistency, superior quality, and faster turnaround compared to outsourced suppliers, trusted by sporting clubs across Pakistan.

Athlete-Driven Performance Design

Our sportswear is tested and refined with athletes to ensure optimal movement, breathability, and all-day comfort, built for professional and semi-professional athletes who demand performance at every level.

Premium Custom Teamwear

Our Full Custom PRO range delivers elite, high-performance uniforms engineered for precision, durability, and comfort, designed for elite academies seeking professional-grade customisation.

Fast & Reliable Turnaround

From concept to delivery, our streamlined process ensures your order arrives on time, every time, with industry-leading lead times, relied on by corporates and major sporting events needing dependable timelines

Sustainable, High-Quality Fabrics

We use premium, long-lasting, and environmentally responsible fabrics designed to withstand Australian conditions, ideal for schools and educational programs focused on sustainable performance wear.

Dedicated Expert Support

A real team (not a call centre) guides you through design, sizing, approvals, and production for a seamless experience, supporting gyms, wellness centres, and community organisations with personalised service
